

TED talks. What fear can teach us. (Karen Thompson)

https://www.ted.com/talks/karen_thompson_walker_what_fear_can_teach_us

1. What caused the shipwreck?
2. What two things does the speaker say we discard as we grow up?
3. What adjective does she use to describe a child's imagination?
4. How far were the Marquesa Islands?
5. Why was the captain frightened of going there?
6. What alternative word could we use for "fears"?
7. What other species can predict the future?
8. What is "productive paranoia"?
9. What decision did the sailors take?
10. What three things can our fears offer us if we read them properly?

What is the general idea of this talk? Summarise it in 80 words.
